

Nice recommends customers order products in pallets in order to facilitate storage and delivery, and ensure packs are uniform. The number of packs per single pallet has been specified for this reason. Approximate draft.

For sliding gates or on motors with pinion.

Plastic racks are available for lightweight gates up to 400 kg (LO5) and up to 500 kg (ROA6) and galvanised racks, ideal for any type of sliding gate, residential and industrial: ROA7 for direct welding on the gate, and the practical ROA8 (the spacers are welded onto the gate, and then the rack is screwed onto the spacers).
